

V(A). Planned Program (Summary)

Program # 19

1. Name of the Planned Program

Why Trees Matter: Next STEP (Extension)

- Reporting on this Program

Reason for not reporting

This program (and all reported summaries, descriptions, situations, priorities, factors, results, outputs, outcomes and goals) has been rolled into the "Enhancing Agriculture and the Environment" program.

"Why Trees Matter: Next STEP (Extension)" is one of several 'signature programs' offered by Ohio State University Extension. Signature programs are updated or replaced with other signature programs periodically, as client need dictates. Due to their transient nature, we have decided to report all signature programs under one of 4 permanent 'impact areas': (1) Advancing Employment and Income Opportunities, (2) Enhancing Agriculture and the Environment, (3) Preparing Youth for Success, and (4) Strengthening Families and Communities.

"Why Trees Matter: Next STEP (Extension)" will now be reported under "Enhancing Agriculture and the Environment".

V(D). Planned Program (Activity)

1. Brief description of the Activity

The Ohio Street Tree Evaluation Program (OSTEP), with 130 statewide research sites, aims to secure long-term data on how specific tree types look, last, and serve the environment.

The Community Tree Research Evaluation and Extension (TREE) Plot in the Ohio Agricultural Research and Development Center's Secrest Arboretum supports replicated plantings of key street-tree types, demonstration plots of trees' environmental benefits, and evaluation plots of new varieties.

The "Ohio Trees" Master Gardener Specialization Program trains volunteers for community street-tree projects.
