V(D). Planned Program (Activity)

1. Brief description of the Activity

The Human Development planned program involved professionals, parents, child care providers, older adults, and community leaders. Child care providers, adolescents, and parents who are divorced or

incarcerated, court-ordered parents and relatives as caregivers were all targeted for this program.

To help the target audience gain awareness, the following were used: Displays, exhibits, community events, newspaper articles, radio programs, TV shows and newsletters. In addition, fact sheets and resource lists for parents, teachers and professionals were disseminated. Extension FCS Agents in over 60 of Tennessee's 95 counties offered the four-hour class Parenting Apart: Effective Co-Parenting, an information and skills-based program that utilizes lecture, class discussion, videos, and handouts to inform parents about the potential effects of divorce on their children. This course provided them with strategies for minimizing those effects.

TSU Extension also partners with child care providers to provide greater access to emergency preparedness tools, increase specific knowledge about emergency preparedness with regard to infants, and offer additional informational resources to help develop these plans to caretakers of infants.

For 2013 - 2017, TSU Extension Family and Community Health programs will place special emphasis on "Healthy Aging" for the mind, body and spirit. The ultimate goal is to increase knowledge and education relating to healthy aging. Tennessee is getting older. Various assessments have shown that the percentage of Tennessee's population over the age of 65 will grow to 20% by 2025 (up from about 12% at the beginning of the 21st Century). TSU Extension will produce and distribute resource materials and educational programs on a variety of topics for interested individuals, caregivers, and professionals. Various methods will be employed, including inter-generational connections.

2. Brief description of the target audience

The target audiences for this planned program were Tennessee child care providers, parents, and adolescents. While all parents of infants and young children were targeted for literacy programs, parents seeking a divorce were especially targeted for parenting instruction because of the added demands of co-parenting. Tennessee child care providers working full-time are required to have 18 hours and child care center directors are required to have 24 hours of instruction annually. Tennessee parents seeking a divorce are directed by the courts to a four-hour co-parenting class. In many communities in the state, Extension is the only provider of this instruction.

3. How was eXtension used?

This Human Development planned program was enhanced through the service of five Tennessee Extension personnel on the "Family Caregiving" CoP. Tennessee Extension personnel shared implementation strategies, outcome measurement, and evaluation protocols with their CoP colleagues.

V(E). Planned Program (Outputs)

1. Standard output measures

2013	Direct Contacts Adults	Indirect Contacts Adults	Direct Contacts Youth	Indirect Contacts Youth
Actual	66889	2507214	33761	0

2. Number of Patent Applications Submitted (Standard Research Output)

Patent Applications Submitted

Year: 2013
Actual: 0

Patents listed

3. Publications (Standard General Output Measure)

Number of Peer Reviewed Publications

2013	Extension	Research	Total
Actual	2	0	1

V(F). State Defined Outputs

Output Target

Output #1

Output Measure

- Number of exhibits displayed to promote program awareness and participation.

Year	Actual
2013	131

Output #2

Output Measure

- Number of research-based publications distributed as part of this program.

Year	Actual
2013	66212

V(G). State Defined Outcomes

V. State Defined Outcomes Table of Content

O. No.	OUTCOME NAME
1	Parenting Skills for Incarcerated Inmates: Number of inmates who acquired knowledge about the importance of effective communication required to build parent/child relationships.
2	Parenting Skills for Incarcerated Inmates: Number of inmates who demonstrated their knowledge of positive parent/child relationships by writing to their child.
3	Child Care/Parenting: Number of parents and childcare providers who report using suggested guidance techniques more often.
4	Parenting Skills for Incarcerated Inmates: Number of inmates who now have an ongoing relationship with their children and demonstrate the need not to violate the law.
5	Child Care/Parenting: Number of parents and child care providers who report putting down or blaming their child less.
6	Child Care/Parenting: Number of parents and child care providers who report talking, singing and playing more with their children than before the program.
7	Divorcing Parents: Number of parents who plan to decrease exposure of their children to parental conflict.
8	Caregiving Education: Number of caregivers who report the Extension program helped them to minimize stress.

Outcome #1

1. Outcome Measures

Parenting Skills for Incarcerated Inmates: Number of inmates who acquired knowledge about the importance of effective communication required to build parent/child relationships.

V(H). Planned Program (External Factors)

External factors which affected outcomes

- Government Regulations

Brief Explanation

V(I). Planned Program (Evaluation Studies)

Evaluation Results

UT Extension implemented a 21st Century Community Learning Center in five Tennessee counties. This program provides afterschool programming with a focus on homework, math, science, and nutrition. In Dickson County, 65 students showed increased school attendance, improved academic performance, increased reading, and increased academic scores in reading and math.

Key Items of Evaluation

UT Extension implemented a 21st Century Community Learning Center in five Tennessee counties. This program provides afterschool programming with a focus on homework, math, science, and nutrition. In Dickson County, 65 students showed increased school attendance, improved academic performance, increased reading, and increased academic scores in reading and math.
