V(D). Planned Program (Activity)

1. Brief description of the Activity

Nutrition education will be taught to Virginia's Supplemental Nutrition Assistance Program (SNAP) participants and those eligible for SNAP. Participants completing the comprehensive programs will

assessed to determine that behavior change has been attained as well as increasing their food security levels.

Nutrition education will be provided to EFNEP youth and adults and those who are up to 185% of the Federal Poverty guidelines. Participants completing the comprehensive programs will be assessed to determine that behavior change has been attained as well as increasing their food security levels.

Youth participants will receive either SNAP-Ed or EFNEP lessons according to policy and procedures across Virginia.

2. Brief description of the target audience

The target population is comprised of people who are SNAP and WIC participants as well as those who are eligible to participate in those programs. The youth participants attend schools that have a high percentage of students (>50% Free and Reduced lunch schools) participating in the Free and Reduced Lunch program. People who have income levels more than 185% of the federal poverty guidelines are not enrolled as program participants. Frequently, participants have dropped out of school, have minimal job skills, have multiple health conditions, stemming from issues related to obesity and have many economic constraints due to poverty.
